To Whom It May Concern.

Lennar Homes of California Bakersfield Division has enjoyed working with Kern Pacific Construction Company for over 5 years.

As a major Builder and Developer of over 2,500 homes and developer of over 5,000 homesites in the greater Metropolitan Bakersfield Area, Lennar Homes has come to depend on Kern Pacific Construction Company as a premier contractor.

Kern Pacific Construction Company has successfully completed over 90 contracts totaling over \$20 million in new construction for Lennar throughout Bakersfield.

Kern Pacific Construction Company has successfully carried out the following operations for our Division:

Installation of:

- Sewer systems
- Sanitary Lift stations
- Large stormdrain systems
- Deep trenching operations
- Dewatering operations
- Water transmission facilities
- Irrigation channels
- Boring operations
- Miles of utility conduit
- Traffic signal interconnect systems
- Traffic control
- Street paving

As a contractor, Kern Pacific Construction has never failed to deliver the above mentioned services on time and within its prescribed budget.

Kern Pacific Construction has always demonstrated the highest degree of integrity, workmanship, and work ethic in all of our dealings. They work diligently to maintain strong relationships with City and County inspectors and with our in house construction associates.

I would highly recommend Kern Pacific Construction Company as a premier contractor for any of your construction needs.

Please feel free to call if you have any questions.

Tom Dee  
Division President  
Lennar Communities – Bakersfield Division
